Keeping an Eye on Nature

Beginner Birding for Kids – Sunday, February 12th, 2012 10:00 a.m. in the Lawrence Nature Center

northern cardinal – male

northern cardinal – female

blue jay

Come inside and enjoy learning about our neighborhood birds this Winter! Join the Lawrence Nature Center's volunteer naturalist in this program designed for those children who would like to learn how to identify the birds that are commonly found in our area during the winter. The program will be held in the warmth of the Lawrence Nature Center but with a bird's eye view of the birds visiting our feeders just outside. Dependent upon weather conditions, we may venture outside with binoculars, searching for other species found in the surrounding field and forest.

This program will be from 10:00 a.m. to approximately 11:00 a.m. Children must be accompanied by an adult. Bring your own binoculars and bird field guides if you have them, but a limited supply will be available to borrow. Dress warmly (or for the weather conditions) if you intend to take the walk towards the end of the program.

Registration is required. Please call the Lawrence Township Recreation Department at (609) 844-7067 to register.

For directions to the nature center or more information, visit our web site at www.lawrencenaturecenter.net, email us at lawrencenaturecenter@gmail.com or call the Lawrence Township Recreation Department at (609) 844-7067.

Sponsored by the *Friends of the Lawrence Nature Center*.
